Update from Kiowa County Hospital District

Due to ongoing concerns with COVID-19 and an increase of cases in our region, Kiowa County Hospital District will be restricting patient visitation effective immediately. The clinic and hospital will continue to see patients as usual but patients will be subject to our screening process. These are precautionary measures meant to protect our community, patients, and staff.

We will continue to work closely with our partners at the state, regional, and local level to ensure Kiowa County Hospital District is informed of the ongoing updates regarding COVID-19 in Colorado.
